Prima Classic**Exclusion****Prima Premier****General Exclusions**

35. Treatment or diagnostic procedures of injuries arising from an engagement in professional sports.

No previous exclusion.

Prima Classic**Assistance & Claims Procedure****PLANNED IN-PATIENT & DAY-PATIENT TREATMENT**

In the event of a planned admission to a hospital, you are required to obtain pre-authorization, prior to admission. Please contact us at least FIVE WORKING DAYS prior to admission. This will allow us to arrange the pre-authorization of your treatment and will also ensure a smooth admission process.

If treatment is not pre-authorized, we reserve the right to decline your claim. If the respective treatment is subsequently proven to be covered under the terms and conditions of your policy, we will pay only 50% of the eligible benefits.

While pre-authorization is not required in advance of emergency treatment, we should be informed within 48 hours of the event to ensure that no pre-authorization penalty is applied. This will give us the opportunity to arrange the direct settlement of your hospital bills, where possible, and will ensure that your claim can be processed without any delays.
